Grand Rounds  Friday, Oct. 27, 2017  
12 – 1 PM  2351 UC Medical Sciences Building (MSB)

From Quality Control to Disease Screening and Surveillance

Peihua Qiu, PhD  
Professor and Founding Chair  
Department of Biostatistics  
University of Florida

Objectives

1. Explain some basic concepts and methods about quality control.  
2. Recognize the risks of using statistical methods without checking their assumptions properly.  
3. Describe some recent methods used for disease screening and surveillance.

Target audience: physicians, other health practitioners, researchers, community health advocates.

The University of Cincinnati is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Cincinnati designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Register for lunch by October 24. Details: cctst.uc.edu
