Nutrition Research Day
March 28, 2018

Poster Display: 11:00 am – 12:00 pm
Attend the poster viewing session to witness the range of nutrition research across our campus and beyond!

Symposium: 12:00 pm – 1:00 pm
Posters are followed by a brief symposium where the authors of these outstanding abstracts will present their findings:

- “Nudging Healthier Choices in the School Cafeteria: A Systematic Review of Cafeteria Interventions Using the Systems Thinking Model”
  Katelyn Gordon, Linda Dynan, Robert Siegel

- “High-Fat Diet Prolongs Mechanical Pain Responses in a Rat Model of Postoperative Pain in a Sex-Dependent Fashion”
  Judith Strong, Temugin Berta, Zongbin Song, Wenrui Xie, Yvonne Ulrich-Lai, Jun-Ming Zhang

- “Metabolic Syndrome Severity Score Identifies Persistently Low Milk Output”
  Laurie Nommsen-Rivers, Amy Thompson, Sarah Riddle, Laura Ward, Erin Wagner, Jess Woo

Date: Wednesday, March 28, 2018
Location: S1.203-204 (Children’s Hospital)

*Lunch will be provided for presenters and attendees*
